

Campsite Rules

- During your stay with us at Kingsdown International Camping Centre you hereby agree to the following terms and conditions.
- Please respect the camping grounds, our neighbours and all other guests.
- No vehicle must exceed 10 mph whilst driving through "The Avenue" to the camping centre or whilst on the Camping Grounds.
- Good relationships are maintained with our neighbours by mutual respect and understanding. All guests are expected to uphold this arrangement. (Those who don't will be asked to leave).
- You are expected to ensure members of your group are quiet in their areas between the hours of 11pm & 7am as we try to promote a family and not a festival style atmosphere. Disrespectful, loud, late night antisocial behaviour will not be tolerated.
- All waste must be recycled and separated using the blue bins provided near the site office. Love the site - LEAVE NO TRACE.
- Alternatively, take your un-recycled waste home with you. Persons found dumping will be charged.
- To avoid annoying others please refrain from playing any loud music/radios. (Site Staff carry out nightly patrols).
- Bicycles/motorbikes should also not be ridden around the site to the annoyance of other campers and near-by neighbours.
- Site Staff MUST BE informed of the operation of any generators. (Use of ANY generators or music/radios after 10:30pm is strictly prohibited).
- Vehicle use on the camping field is down to management discretion and weather permitting. Remember that there are young children about so no vehicle must exceed 10 mph whilst driving on the camping field. Persons caught deliberately speeding, wheel spinning or handbrake turning WILL be asked to leave.
- Ensure that all vehicles are parked horizontally whilst on the camping field. Vehicle use must be kept to a minimum; do not drive to and from the toilet block; only use your vehicle when leaving the site.
- No fires or disposable BBQs are to be lit on the grass! Camp Fire Baskets can be hired if needed (limited amount).
- Fire Baskets and BBQs must ONLY be emptied on to the site's 2 large Camp Fire Circles, or left for Site Staff collection following your departure. (PLEASE DO NOT empty into hedgerows or on to the grass).
- Please ensure any surplus wood is returned to the woodpiles before your departure. The site should be cleared by noon on the day of your departure unless permitted otherwise.
- Wood is available at the designated woodpiles adjacent to the site's two large campfire circles. No turf or trenches are to be dug! Pitches should be left as they are found.
- The large campfire circles are free to use but you must notify a member of our Site Staff of any times and dates your group wishes to use them. (Both Fire Circles must be vacated and left to burn out by 11pm).
- If a member of Site Staff witnesses any abuse or misuse of any knives, axes or saws within the site, they are authorised to request the item and it will be returned only to the leader in charge.
- The toilet block and wash facilities must be left clean and tidy after use. Do NOT leave rubbish bags in the toilet blocks or around the campsite = magnets for foxes and seagulls.
- Urinating in areas other than the toilet block is strictly prohibited. Persons caught doing so will be asked to leave immediately (obscene language and irresponsible behaviour is unacceptable).
- Do not wash cooking utensils/equipment in the toilet block or directly under the water stand pipes around the fields; please use the stainless steel sinks outside of toilet blocks.
- Groups will be charged for any damage that any member of their group incurs. Leaders are held responsible for their own groups, which must be supervised at all times. Unruly behaviour will not be tolerated.
- If any member of your group observes something out of place, please ensure that the information is passed on to a member of Site Staff.
- We do not allow dogs/pets on site apart from guide dogs.
- Adult supervision is always required for the Fire Circles use. Fire circles are for campfires not large Bonfires. (Night time use only)
- Always ensure that you close the beach gate behind you.
- The site should be cleared by noon on the day of your departure unless permitted otherwise by our Site Staff. Any time spent on the site after noon will incur our day rate fees.
- Please ensure that you have all your camping equipment before you depart the site, including tent pegs, which cause damage to our mowers and injuries if left in the ground. (LEAVE NO TRACE)
- KICC reserves the right to instruct campers to disconnect any electrical equipment that does not meet recommended electrical safety standards.
- KICC will be responsible for the safety of the electric system to the electric socket on the hook-up point. It is the responsibility of the user to ensure that the mains electrical cable from the hook-up point to the unit and the unit's installations are safe (e.g. making sure that the cable is pegged down and that the unit is up to date with recommended electrical safety standards).
- KICC will not accept any liability of any description for persons and loss or damage to property whilst using the camping centre. All visitors are advised to obtain the appropriate holiday insurance cover.
- From 2011 KICC will be operating a blacklist system, whereby any serious offenders of these site rules will have their details stored for future reference and shared with other camping sites.
